Common Solutions

Reset Your Password

Can't log in or forgot your password? Use [MyID](#) to reset your Pepperdine password.

Clear Browser Cache

Website issue? [Clear your cache](#) to fix most website issues.

Try a Different Browser

Site errors? Try a different web browser ([Chrome](#) or [Firefox](#)) and see if it works.

Update Your Software

Software or browser updates may fix the issue. Check for and install updates.

Restart Your Computer

Finally, try a computer restart to clear out any system cobwebs.

Still Need Help? Contact [Tech Central](#). See details at the bottom of the page.
